Re: *Ex Parte Presentation* in IB Docket No. 06-123

Pursuant to Section 1.1206 of the Commission's rules, 47 C.F.R. § 1.1206, EchoStar Satellite L.L.C. hereby submits this letter summarizing *ex parte* presentations from yesterday in the above-referenced docket.

Representatives of EchoStar Satellite LLC met with Robert Nelson, Chip Fleming, Andrea Kelly, and Kathryn Medley of the International Bureau and separately with Barry Ohlson, Legal Advisor to Commissioner Adelstein to discuss the Reverse Band proceeding and to explore means by which EchoStar may use the new spectrum in an integrated fashion with DBS operations on a single dish. The attached presentation provides new granular technical information available after review of the Commission's order, detailing that the current orbital plan does not allow a single small dish solution with full power operations.

Respectfully submitted,

/s/ Bradley K. Gillen
